MSDS

PRODUCT AND MANUFACTURER	
PRODUCT NAME	: GINAMIDE A
Manufacturer	: GODREJ INDUSTRIES LTD. Plot No. 3, Burjorji Nagar, Village: Kanerao. Ta Valia, Dist. Bharuch. Pin 393135 Website: www.godrejinds.com
Chemical Family	: Amide, Non-ionic surfactant
Section 1. Product Identification	
Chemical Name	: Cocamide monoethanolamide
Section 2. Ingredients and Composition	
Chemical Names and	: N-(2-Hydroxyethyl) coco fatty acid amide
CAS Number/s	: [68140-00-1]
Possible impurities	: Monoethanolamine [141-43-5]
Section 3. Hazardous Identification	
The product is considered to be a non-hazardous material. Inhalation, Skin contact or ingestion in normal course causes no harm. Contact with eyes may cause irritation. Prolonged contact may cause skin irritation. Can cause gastrointestinal irritation if ingested.	
Section 4. First Aid Measures	
Ingestion	: Do not induce vomiting. Give 2 glasses of water. Seek medical attention.
Inhalation	: Remove from area of exposure to fresh air. Seek medical attention if symptoms persists
Eye contact	: Do not rub eyes. Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention
Skin contact	: In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Cover the irritated skin with an emollient. Cold water may be used. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention immediately
Section 5. Fire Fighting Measures	
Flash Point	: No data
Extinguishing Media	: Water spray, Water fog, alcohol foam, carbon dioxide, dry chemical, halogenated agents.
Fire and Explosion Hazards	: No data
Instruction	: Wear breathing apparatus Water stream may splash burning liquid and spread fire

Godrej Industries Ltd.

Regd. Office: Pirojshanagar,
Eastern Express Highway
Vikhroli (E), Mumbai 400079, India.
Tel.: 91-22-2518 8010/8020/8030
Fax: 91-22-2518 8068/8063/8074
Web Site: www.godrejinds.com

Section 6. Accidental Release Measures

Keep unnecessary personnel away. Dust deposits should not be allowed to accumulate on surfaces, as these may form an explosive mixture if they are released into the atmosphere in sufficient concentration. Absorb with an inert material and put the spilled material in an appropriate waste disposal. Finish cleaning by spreading water on the contaminated surface and allow to evacuate through the sanitary system. Ensure adequate ventilation.

Section 7. Handling & Storage

Tightly close the container and place in a well-ventilated area. Avoid contact with clothing and skin. Wash the contacted part with copious amount of water. Avoid breathing vapors and mist. Eliminate all sources of ignition. Minimize dust generation and accumulation.

Section 8. Exposure Controls and Personal Protection

Eye Protection	:	Safety goggles
Respiratory Protection	:	Respiratory Mask. Ventilated area
Protective Clothing	:	Splash goggles. Full suit. Boots. Gloves. Suggested protective clothing might be sufficient.

Section 9. Physical and Chemical Properties

Appearance And Physical State	:	Pale yellow solid
Odor	:	Mild
Solubility	:	Freely soluble in water and lower alcohols
Boiling point	:	Not available
pH (1% in 50:50 IPA /Water)	:	8.0 - 0.0
Melting range	:	62.0 - 74.0
Vapor Pressure deg C	:	Not available
Molecular weight	:	Average 251.0
Extinguishing Media	:	Water spray, Water fog, alcohol foam, carbon dioxide, dry chemical, halogenated agents.

Section 10. Stability and Reactivity Data

Chemical Stability	:	Stable under normal condition
Reactivity	:	Non reactive under normal condition
Incompatibility	:	Strong oxidizing agents
Hazardous polymerization	:	Does not occur

Section 11. Toxicological Information

Acute Oral LD 50	:	> 5 g/kg [Rat]
Dermal LC50	:	0.2 g/kg
Carcinogenicity	:	No data
Mutagenicity	:	No data
Skin corrosion/irritation	:	Causes skin irritation
Serious eye damage/eye irritation	:	Causes serious eye damage

Section 12. Ecological Information

Possibly hazardous short term degradation products are not likely to form.

EC50 Algae-1.1 mg/l, 72 h, EC 50, Fish 38 mg/l, 96 h

Section 13. Disposal Considerations

Discarded product is not a hazardous waste. Empty container retains product residue. Observe all hazard precautions. Do not distribute, make available, furnish or reuse empty container except for storage and shipment of original product.

Section 14. Transportation Information

Not regulated as hazardous material for transportation. Broad mouth Drums or polyniner bags packing

Section 15. Regulatory Information

United States Toxic Substances Control Act: Not Listed
European Inventory of New and Existing Chemical Substances: Not Listed
Not regulated substance for transportation.

Section 16. Other Information

We assigned NFPA ratings and HMIS ratings to this product based on the hazards of its ingredient(s). Because the customer is most aware of the application of the product, he must ensure that the proper personal protective equipment is provided with information contained in the product MSDS.
