

**KUMAR ORGANIC PRODUCTS LIMITED****Bangalore – 560 105****Safety Data Sheet : Kopcerin PE 1090****1. Identification of the substance/Mixture and of the company/undertaking**

1.1 Product identifier	Kopcerin PE 1090
Chemical /IUPAC name:	Mixture of Ethylhexylglycerin And Phenoxyethanol (10:90)
Product Code	K061
1.2 Relevant identified uses of the substance or mixture and uses advised against	
Recommended use	Cosmetic preservative.
Restrictions on use	For manufacturing / industrial use only
1.3 Details of the supplier of the safety data sheet	Kumar Organic Products Limited Jigani Industrial Area, Bangalore – 560 105, India Fax : +91 080 26715688. Email: kop@kumarorganic.net
1.4 Emergency telephone number	+91 9060040610 +91 080 29525196

2. Hazards Identification

2.1 Classification of the substance	
Classification in accordance with UN GHS/EU Regulation EC 1272/2008	
Hazard Class and Category Code(s)	Acute Toxicity: Oral Acute Tox. 4 Eye Dam. 1
2.2 Label elements	
Hazard statements	H302 Harmful if swallowed
	H318 Causes serious eye damage
Precautionary statement(s)	P270: Do not eat, drink or smoke when using this product
	P280: Wear eye protection, protective gloves, protective clothing
	P301+P312: If swallowed, call a doctor if you feel unwell
	P305+P351+P338: If in eyes, Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing
	P330: If swallowed, rinse mouth
	P310: Immediately call a POISON CENTER/doctor/physician

	KUMAR ORGANIC PRODUCTS LIMITED Bangalore – 560 105
--	---

Safety Data Sheet : Kopcerin PE 1090

	P501 Dispose of contents/container in accordance with local regulation
Pictograms	 
Signal word	'Danger'
2.3 Other hazards	None

3. Composition/Information on ingredients

3.2 Mixtures

Name	CAS Number	EC Number	GHS Hazard class & Categ, code		Percent (w/w) approx.
Ethylhexylglycerin	70445-33-9	408-080-2	Eye Dam. 1	H318	9% – 11%
			Aquatic Chronic 3	H412	
2-Phenoxyethanol	122-99-6	204-589-7	Acute Tox. 4	H302	89% -91%
			Eye Irrit. 2	H319	

4. First Aid Measures

4.1 Description of first aid measures

General	If exposed or concerned: Get medical advice/attention.
Inhalation	Remove to fresh air. If breathing has ceased give artificial respiration. Obtain immediate medical attention.
Skin contact	Remove contaminated clothing and wash affected area with soap and water immediately. Obtain immediate medical attention.
Eye contact	Remove contact lenses, if worn and rinse open eye with at least 15 minutes under running water and apply sterile protective bandage. Obtain medical attention immediately.
Ingestion	Never give anything. Wash out mouth with water and give 200-300ml of water to drink. Do not induce vomiting. Obtain medical attention if symptoms develop.

4.2 Most important acute and delayed symptoms and effects of exposure

Irritation, coughing, headache, nausea, dizziness, vomiting, breathing difficulty.

4.3 Indication of any immediate medical attention and special treatment needed

	KUMAR ORGANIC PRODUCTS LIMITED Bangalore – 560 105
--	--

Safety Data Sheet : Kopcerin PE 1090

Treatment	Treat symptomatically
-----------	-----------------------

5. Fire Fighting Measures

5.1 Extinguishing media	Extinguish with alcohol resistant foam, carbon dioxide, dry chemical or water spray.
5.2 Special hazards arising from the substance or mixture	Produces harmful vapors. Evacuate area if there are audible sounds from venting drums.
	Explosion Hazard: Product is not explosive Reactivity: Do not distill to dryness. Product can oxidize at elevated temperatures
5.3 Advice to firefighters	Wear self-contained breathing apparatus and full protective clothing to prevent contact with skin and eyes. Water spray should be used to cool containers. Prevent the products used to fight the fire from going into drains, sewers or waterways.

6. Accidental Release Measures

6.1 Personal precautions, protective equipment and emergency procedures	
Personal precautions, protective equipment and emergency procedures	Avoid breathing vapors, mist or gas. Evacuate personnel to safe areas.
6.2 Measures for environmental protection	
Environmental precautions	Be careful to ensure that the product doesn't enter drains or surface waters. Avoid subsoil penetration.
6.3 Methods and materials for containment and cleaning up	
Methods and material for containment and cleaning up	Wipe with absorbent material / Contain by Using sand/silica gel/saw-dust (inert absorbent material). Disposal of waste in accordance with all applicable federal, state and local laws.
6.4 Reference to other sections.	Refer section 13 for disposal considerations.

7. Handling and Storage

7.1 Precautions for safe handling	
Precautions for safe handling	Avoid contact with skin and eyes. Avoid inhalation of vapors or mists. Do not ingest. Normal measures for preventive fire protection.

	KUMAR ORGANIC PRODUCTS LIMITED Bangalore – 560 105
---	---

Safety Data Sheet : Kopcerin PE 1090

	Provide appropriate exhaust ventilation.
7.2 Conditions for safe storage, including information about any incompatibilities	
Conditions for safe storage	Store according to local legislation. Store in plastic lined containers. Observe indication on the label. Store in cool place. Store in the original container. Keep the container closed when not in use.
Incompatible materials	Strong oxidizing agents. Polyethylenterephthalate(PET), Polycarbonate.
Other information	Take precautions against static discharges
7.3 Specific end use(s)	
The identified uses are mentioned in Sec 1.2	

8. Exposure Controls and Personal Protection

8.1 Control Parameters

Components with work place control parameters

8.2 Exposure Controls

Appropriate engineering controls: Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of work day.

Eye/face protection 	Use equipment for eye protection – Safety spectacles/goggles. Minimum standard EN166
Skin protection: 	Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands. Minimum standard EN374-3. Apron or other light protective clothing
Respiratory protection: 	Wear suitable respiratory protective equipment if processing involves working in areas where aerosols, mists or dusts are likely to be evolved. Full/half/Quarter face masks (EN 136/140/141) with Type A filter.
Control of environmental exposure:	Prevent further leakage or spillage if safe to do so. Do not let product enter drains. Discharge into the environment must be avoided.

**KUMAR ORGANIC PRODUCTS LIMITED**

Bangalore – 560 105

Safety Data Sheet : Kopcerin PE 1090**9. Physical and Chemical Properties****9.1. Information on basic physical and chemical properties**

Appearance	Clear, colorless liquid
Odour	Characteristic
Density at 25°C	1.05 – 1.15g/mL
pH value	Not available
Melting point / Freezing point	-5°C
Boiling point/boiling range	>245°C
Flash point (open cup)	121°C
Evaporation rate (Butyl acetate=1)	Not available
Explosive limit ranges	Not applicable.
Vapour pressure	0.02 hPa at 25°C
Vapour density (air=1)	4.8
Solubility (water) @ 20°C	Slightly soluble (~5%)
Solubility (other)	Miscible with alcohols and glycols
Partition coefficient (n-Octanol/water)	Log Pow:1.2
Auto ignition temperature	475°C
Decomposition temperature	>200°C
Explosive properties	Not explosive
Oxidizing properties	Not oxidizing
9.2 Other Information	None

10. Stability and Reactivity

10.1 Reactivity	Alcohol reactions
10.2 Chemical stability	Product is stable.
10.3 Possibility of hazardous reactions	May form peroxides in contact with air or oxygen
10.4 Conditions to avoid	Strong oxidizing agents
10.5 Incompatible materials	Oxidizing materials.
10.6 Hazardous decomposition products	Under fire conditions: Carbon oxides

11. Toxicological Information

**KUMAR ORGANIC PRODUCTS LIMITED****Bangalore – 560 105****Safety Data Sheet : Kopcerin PE 1090****11.1 Information on toxicological effects**

Acute toxicity	LD50 oral: >1800mg/kg (rat) (Calculated value for the mixture) LD50 dermal (rat): >8800mg/kg(rat) (Calculated value for the mixture)
Skin corrosion/Irritation (rabbit)	Non-irritant
Sensitization	No data available
Reproductive toxicity	No evidence of reproductive toxicity
Specific target organ toxicity – single exposure	data lacking
Specific target organ toxicity – repeated exposure	data lacking
Other Information	Local anaesthetic effect on the lips, tongue and mucous membranes
Inhalation:	Irritation of the respiratory tract, Coughing
Ingestion:	May cause irritation of the gastrointestinal tract Headache, dizziness, nausea, vomiting
11.2 Information on other hazards	None

12. Ecological Information

12.1 Toxicity	No data available
12.2 Persistence and degradability	Biodegradable
12.3 Bioaccumulative potential	Not established.
12.4 Mobility in soil	This product is predicted to have very high mobility in soil.
12.5 Results of PBT and vPvB assessment	Not established.
12.6 Endocrine disrupting properties	None
12.6 Other adverse effects	Avoid release to the environment.

13. Disposal Considerations**13.1 Waste treatment methods**

Disposal instructions	Observe all federal, state and local regulations when disposing of the substance. Disposed of as hazardous waste, usually by incineration
Contaminated packaging	Contaminated, empty containers must be disposed of as chemical waste.

KUMAR ORGANIC PRODUCTS LIMITED
Bangalore – 560 105

Safety Data Sheet : Kopcerin PE 1090

14. Transport Information

14.1 UN number	-
14.2 UN proper shipping name	-
14.3. Transport hazard class(es)	-
14.4 Packaging Group	-
14.5 Environmental hazards	-
14.6 Special precautions for users	-
14.7 Maritime transport in bulk according to IMO instruments	Not regulated for transport.
Transport (ADR/RID/ IMDG/ IATA)	Not classified as dangerous goods according to the United Nations recommendations / transport regulations

15. Regulatory Information

15.1 Safety ,health and environmental regulations /legislation specific for the substance or mixture

This safety datasheet complies with the requirements of OSHA/Regulation (EC) No. 1907/2006 as amended by Regulation (EU) 2020/878

Legislation on the control of major-accident hazards involving dangerous substances

Directive 96/82/EC does not apply

15.2 Chemical safety assessment

For this product a chemical safety assessment was not carried out

16. Other Information

Revised on: 15.06.2023

Version: 5 A

The information contained in the material safety data sheet (SDS) has been compiled from data considered to be accurate. This data is believed to be reliable, however it must be pointed out that values for certain properties are known to vary from source to source. This data is not to be construed as absolutely complete since additional data may be desirable when particular conditions or circumstances exist. It is the responsibility of the user to determine the best precautions necessary for the safe handling and use of this product for his applications. This data relates only to the specific material designated and not to be used in combination with any other material. Many federal and state regulations pertain directly or indirectly to the product end use and disposal of containers and unused material. It is the purchaser's responsibility to familiarize themselves with all applicable regulations. Kumar Organic Products Ltd assumes no liabilities from the purchase or the use of its products or information provided herein.
